BUILD-A-PANEL™ PLUS

Expanded Build-A-Panel™ Program

Enjoy the quality, flexibility and versatility of our leading Build-A-Panel™ control panels, **PLUS** so much more!

Our new **Build-A-Panel™ PLUS Program** is designed to benefit customers who require additional options beyond what our standard control panel line offers, but do not require a custom engineered solution. The **Build-A-Panel™ PLUS Program** utilizes inventoried components to allow for:

- **Quick response to quotes (within 24 hours is standard)**
- **Faster build-to-ship time (2-3 weeks based on options)**
- **More affordable solutions**
- **Two-year limited warranty**

***Don't see the option you need listed? Let us know!**
We may be able to offer it through the **PLUS** program or we can design a custom engineered solution for you!*
