EZ SERIES® IN-SITE® CL

Data Logging Panel with Wireless Bluetooth®

Function

In-Site to On-site Just Got Easier!

The EZ Series® In-Site® CL data logging control panel is now available with **wireless Bluetooth® connection** for your smartphone or tablet. Now there is no need to open the panel for configuration, viewing status or downloading data using the new **EZ Connect™ Mobile App**. The EZ Connect Mobile App is available for Android 4 or newer and iOS 9 or newer operating systems (recommended Android devices include the Samsung S® 5 smartphone and the Nexus™ 7 tablet).

The panel utilizes the C-Level™ sensor for continuous level monitoring and records up to **4000 system events**, including pump run times, pump cycles, alarm conditions, HOA settings, power outages, service calls and more. The **In-Site® software formulates system data for you**, creating reports quickly and easily so system conditions can be identified and corrected.

Single phase simplex or duplex models available; and can be easily converted to demand or timed dose in the field.

Components

1. 10" x 8" x 6" NEMA 4X wall mount enclosure for indoor/outdoor use
2. Touch safe design/safety cover
3. Locking latch for safety
4. Touch safe terminal blocks for easy field wiring
5. Circuit breaker(s) provides pump power disconnect and branch circuit protection
6. Red alarm beacon (on front cover)
7. Tank level LED bar graph indication
8. Pump run indication
9. Control and alarm power indication
10. Exterior alarm test/silence switch
11. Alarm horn
12. Bluetooth® Smart Ready circuit board provides wireless connection
13. Modbus port connector (PC)

Optional mounting post available
